

2014-15

Associated Respiratory Holdings (ARH) Studentship Research Recipients

Kyla Jamieson - \$11,500

Location of Study: University of Calgary

Project title: The Innate Immune Response of Human Airway Epithelial Cells to Both Simultaneous and Staggered Bacterial and Viral Infections

Austin Laing - \$11,500

Location of Study: University of Calgary

Project title: Bronchial Thermoplasty and Airway Remodeling in Severe Asthma

Linn Moore - \$11,500

Location of Study: University of Alberta

Project title: Physical activity, fitness and vascular health in asthmatics

Christopher Shelfoon- \$11,500

Location of Study: University of Calgary

Project title: Modulation of Human Bronchial Fibroblast Function by Rhinovirus Infected Epithelium

Vincent Tedjasaputra - \$11,500

Location of Study: University of Alberta

Project title: Capillary Blood Volume Response to Exercise in Mild and Moderate COPD

Research Health Strategic Clinical Network (RHSCN) Studentship Awards

Vivek Gandhi - \$11,500

Location of Study: University of Alberta

Project Title: Regulation of Proteinase-Activated Receptor – 2 on Airway Epithelial Cells in Asthma

Barbara Maciejewski - \$11,500

Location of Study: University of Calgary

Project title: The Effects of Human Rhinovirus and Bacterial Infection on the Induction of CCL20 in Human Bronchial Epithelial Cells
